

The Garden Club of Montclair

60 South Fullerton Avenue, Montclair, NJ 07042

Yearbook
2024-2025

Selected Printable Pages

Introduction

This year, the Garden Club of Montclair voted unanimously to make a break with tradition, and to produce an online Yearbook. Following the example of the National Garden Clubs, for both environmental and economic reasons, we are posting on the Club website all the information formerly available annually in our prize-winning, printed Yearbook.

In addition, to accommodate members who prefer the printed page, we have also made the most visited pages available as printable PDFs for members to download, punch holes in the margin, and keep in a binder.

This document includes those printable pages. To see links to all the current topics included in our annual Yearbooks, as well as copies of all previous Yearbooks since 1951, visit <https://gardenclubofmontclair.org/yearbooks>. We are moving to the future, with links to everything in our past.

Mission Statement

The Garden Club of Montclair educates Members and the public in their knowledge and practice of conservation, horticulture, and the artistic use of plant material. We work to beautify the Township of Montclair and the State of New Jersey. The Club sponsors and supports projects of an educational character, specifically allied to these purposes, and fosters fellowship through its work and its social activities.

Letter from the President

Sarah J. Olson

Dear Fellow Garden Club Members and Provisionals,

It's been a busy year but that's not surprising, is it? In the fall, the Club found a new home for program meetings and competitions at Bnai Keshet while continuing to maintain the beautiful Avis Campbell Gardens at 60 South Fullerton. We will be heading back to our old home next year.

Last year I challenged you to make an impact and pay it forward. Garden Therapy did that with some of our treasured partners: Toni's Kitchen, Oasis for Women, and CUMAC. Our Youth Committee is back working in the schools and gardens teaching youngsters about planting, floral design, and plant identification. Avis Campbell Gardens volunteers spent a countless number of hours designing and tending to the upkeep. Our Club worked with our neighbors at 5 Roosevelt Place and provided the plans for a garden which resulted in a discretionary grant from the Geraldine Dodge Foundation of \$2,500! And our Workshop Committee utilized the skills of our member community who volunteered their time and knowledge to educate us in so many ways.

A.very.hungry.Monarch.caterpillar.munches.on.its.favorite.food?the.native.milkweed;

I challenged us to find a way to create an Act of Restorative Kindness to our earth. To that end we started an environment section on our website with educational information, upcoming environmental events and musings from our members: The Environment and Civic Beautification Committees conducted a clean-up in the Upper Montclair business district and assessed the health of the trees in the area; we began using compostable plates and cups at our monthly meetings; our Triangle Gardens Committee designed and presented a new vision for the garden beds on Church Street using native plants and installed it early in June. To help fund this our Club received a grant of \$2,000 from the Montclair Foundation: we obtained a new compost machine for Avis Campbell Gardens and our Programs Committee has lined up a powerful group of speakers to address transitioning to environmentally friendly gardening.

Lastly, **I asked that the Garden Club integrate with the community in a bigger way.** All the projects that I just mentioned have done just that and we didn't stop there! We entered "Mandy" the scarecrow into the annual "Scarecrows in the Garden" contest and won a \$500 award! Thirty-one of you designed arrangements for Art in Bloom held by the Montclair Art Museum, and we are working with parent groups at two schools to beautify their sites and create native gardens. Student groups were guided through Avis by our members, pictures of Avis Campbell Gardens grace the Town calendar, and the Gardens have been the topic of a "Montclair Girl" article, and a destination spot cited in "The Garden Tourist."

We capped off the year by celebrating our membership at our annual meeting in May, awarding the coveted perpetual awards as well as the newly introduced "Bloomie Awards" which highlighted unsung heroes in the Club.

Our upcoming year looks to be an exciting one as we begin putting into place the groundwork for our 100th Anniversary celebration. This Club has really stood the test of time, continuing to influence and support the community in a myriad of ways. I feel privileged to be a part of an organization so full of kind, creative, and fun individuals. Thank you for doing all that you do and being who you are!

With appreciation,
Sarah
